

Spring

What happens during the spring season? Co dzieje się podczas wiosny?

In spring plants, trees, and flowers begin to grow. You can see lots of flowers on fruit trees, for example apple, cherry, and plum trees. They are **blossoms**.

Snowdrops are the first flowers in spring, but you can also see **daffodils** and **crocuses**.

The weather gets warmer, but sometimes it's cloudy or rainy. The days get longer.

Animals wake up from hibernation.

Bees are very busy because they help plants grow.

Birds build their **nests** in trees or **bushes**.

Storks and **swallows** come back from warmer countries.
